DD/S&T 093-66

4 January 1966

MEMORANDUM FOR: [REDACTED]

25X1

SUBJECT: IG Survey of Industrial Security

REFERENCE: Your Memo dated 13 December 1965 - 65-7082/1

1. You asked for my comments on the second part of the IG's recommendation 10: "If the Agency must retain inspection and review responsibility for DOD contracts under the NRP, include in an Agency Regulatory Issuance clearly delineated assignments of functions to the DD/S&T Security Staff and to the Special Security Center for the discharge of that responsibility".

2. I believe it is desirable to have delineations of responsibilities of the Special Security Center and the DD/S&T Security Staff for security surveys and reviews of DOD contracts under the NRP. I understand the Office of Security is planning to prepare a proposed regulation or instruction setting forth the responsibilities of the Special Security Center and others in this respect. I think this is a good step.

3. With respect to the costs to CIA involved in inspecting security programs of DOD contractors engaged in the NRP, only [REDACTED] Staff Employees are involved in carrying out these functions.

MEMORANDUM FOR : Deputy Director of Central Intelligence
THROUGH : Executive Director-Comptroller
SUBJECT : Inspector General Survey of CIA Industrial
Security Program of September 1965

1. This memorandum submits recommendations for your approval; these recommendations are contained in paragraphs 3 and 4.

2. The Office of the Inspector General recently completed its survey of the Agency Industrial Security procedures. This survey clearly indicates the need for centralizing responsibility for security policy and guidance.

3. The Inspector General recommended specifically that the Deputy Director for Support seek authorization from the Deputy Director of Central Intelligence to assume responsibility: (a) for developing and publishing uniform doctrines, standards, and procedures for the establishment and maintenance of security of contractual arrangements, (b) for placing contract security matters under continuing and centralized cognizance, and (c) that the Deputy Director for Support delegate this responsibility to the Director of Security.

4. I concur in these recommendations and herewith request authorization to implement them.

R. L. Bannerman
Deputy Director
for Support

MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT: Survey Report on Industrial Security *65*

65-7660
1. We appreciate the spirit of DD/S's memorandum of December 13 and understand his reasons for non-concurrence at this time in two of our recommendations.

2. We continue to feel strongly that our basic recommendations on costs, security classifications and security standards are especially pertinent to the DD/S&T, including the National Reconnaissance Program. As we noted in the report, "We think it is time to question some of the fundamental assumptions and premises on which security programs of the National Reconnaissance Program are based."

3. We would hope that the Director of Security, the Deputy Director for Science and Technology and the Director of Reconnaissance would collaborate on a fresh look at these matters along the lines recommended.

J.S. Earman
Inspector General
